

GENERAL INFORMATION

A typical birthday party lasts for two hours with A-Star Sports games and activities taking up the first 1.5 hours and party food the last 30 minutes. For the most part the games that we play are what we describe as 'playground games', often using balls, hoops, bean bags, tag belts and lots of other colourful equipment depending on the age of the group. Ideally the number of children at the party would be a minimum of 12 through to around 25, though this can be restricted or slightly more flexible depending on the size and style of the venue. We're more than happy to advise on this and have done many parties with less than 12 and more than 25 children, venue size and party content permitting. **Please note** that parties of more than 35 children (subject to agreement on a suitable venue and party content), may require an additional coach to be present*.

A sample schedule might look like:

- 2.30pm** We usually arrive a little early to bring in the equipment and help set up the venue ready for the games.)
- 3.00pm** Children arrive / freeplay with balls as we get to know the children's names and characters.
- 3.10pm** Everyone gets together on the 'start line', we explain to the children what to expect (lots of exciting games!), and then we get started with the fun..
- 3.50pm** Quick drinks break to re-fuel.
- 3.55pm** Play more games!
- 4.25pm** Thank yous and high fives.
- 4.30pm** Over to the party food.(we do stay during this time to pack the equipment away safely and help with any further organisation if you need us e.g. rallying the troops to sing Happy Birthday and lining up for party bags etc.)
- 5.00pm** Finish

This sample schedule is by no means rigid and we can be flexible around morning and afternoon starts, the needs of the children, the weather (some venues can get rather warm!), and if you have chosen a sports themed party (e.g. basketball, hockey, dodgeball etc for children aged 7+ years). N.B. During term-time parties are restricted to weekends due to busy coaching schedules.

Usually, the venue itself is booked separately by the family hosting the party but if you need advice on this or ideas of local venues, then we would be more than happy to help. Half-time drinks, the party food and party bags etc. are also supplied separately by the host family. And it's usually good to advise parents that, where possible, children should wear something that they are comfortable running around in.

The current cost of a party is £115 (with a reduced fee of £100 for children who attend our regular weekly coaching classes). For distances travelled above a round trip of 60 miles, the excess mileage is charged at 45p per mile (from our base at CH7 4TS).

**Should an additional coach be required and available for larger parties then £50 will be added to the basic party fee, making the cost of a party £165 (with a reduced fee of £150 for children who attend our regular weekly coaching classes) plus any travel expenses incurred over and above a round trip of 60 miles as detailed above. In cases where the party has been booked for less than 35 children but the booking then changes to more than 35 children, we reserve the right to increase the party fee as above but only when an additional coach is required and available and the venue acceptable to accommodate the increase. If a venue is deemed unsuitable for any last minute change to larger numbers, we reserve the right to advise a reduction in the number of children attending the party or a change of venue to accommodate larger numbers safely.*

If you have any further questions about the format or would like to check our availability and book a party, please drop us a line via e-mail or give us a call (07581 617725). For bookings, we always send out a booking form to formalise the dates/times, and payment can be made in advance when you return the booking form to us or on the day of the party.
